Certificate under Section 63(4)(c) of the Bharatiya Sakshya Adhiniyam, 2023

REFERENCE	NSE-J23ACW08A1FNTVG0JFH9RRZRPR
GENERATED	24.10.2026, 20:44 IST

Part A — to be filled by the party

I, Inspector Asha Kulkarni, Police Inspector, state that the electronic record described below was produced by the computer or device identified here, which was regularly used to create, store or process information for the purposes of the activities regularly carried on over that period by the person having lawful control over its use.

Device or source

Android smartphone used by the investigating officer, NyaySetu field app 2.0.0

How the record was produced

Recorded live through the NyaySetu application. The SHA-256 of the exact bytes the camera produced was computed on the device before upload, committed with the device time and position fix in a capture manifest, and the manifest's SHA-256 was anchored on the public ledger. The file was encrypted with AES-256-GCM before storage.

Hash value

Algorithm: SHA-256. Hash of the record: 0xe872d09c58389d3aeccc530fcdf1929d78967ecff04f1256bcd72c95e76bd877. Value anchored on the public ledger: 0x69bf7eb550a11432c63be5e8603b62af068775809010bb61daa22fee6bbe0546 (reference NSE-J23ACW08A1FNTVG0JFH9RRZRPR, transaction 0x66edff27dc83338516f9571c6f00cf20f1699906220a87ab8e40b510625589a0).

Time of capture or registration

Captured or collected: 24.10.2026, 20:44:24 IST. Registered: 24.10.2026, 20:44:24 IST.

Custody

Current custodian: Police (collecting officer). Chain of custody events recorded: 1.

Part B — to be filled by the expert

I, _____ (name), _____ (designation), have examined the electronic record identified above. The hash value computed by me is _____ using _____ (algorithm), which matches / does not match the value stated in Part A.

SIGNATURE

Person in charge of the device / record (Part A)
Name: Inspector Asha Kulkarni
Designation: Police Inspector
Date: _____
Place: _____

SIGNATURE

Expert (Part B)
Name: _____
Designation: _____
Date: _____
Place: _____
